

## INFORMATION SHEET TO BE SHARED WITH HOUSEHOLD MEMBERS OF A STUDENT NOTIFIED AS SUSPECTED COVID-19 CASE (LIVING OUTSIDE OF BU RESIDENCIES)

We have been informed that a member of your household has a suspected case of Covid-19. They are currently getting tested to see if this is a confirmed case. Until the results are known, you must follow the [government guidelines for self-isolating](#) and start isolating **for a period 14 days or until the test result is known and it is negative**. During this time you must not leave the house.

Whilst you are isolating you should follow this guidance:

- Limit your contact with the people you live with (we suggest setting up a WhatsApp group so you can continue to communicate with the people you live with)
- Stay in your room as much as you can.
- If you need to use the shared facilities make sure that there is no one else using them at the time, wear a face covering and clean the areas down thoroughly after you have finished.
- Do not share any items, e.g. plates, cups, dish cloths and towels
- Double bag your rubbish and keep it stored for 72 hours before putting it outside your house for disposal.
- Arrange for online shopping to be delivered (if you are really stuck for the essentials then let us know)
- Laundry. You will not be able to use the communal launderette. We suggest that you purchase some clothes hand washing powder to clean the essentials from in your accommodation. You will then need to wait a further 72 hours after your self-isolation has ended when you can then take your laundry to the launderette. To minimise the possibility of dispersing virus through the air, do not shake dirty laundry. Wash items in accordance with the manufacturer's instructions.
- Do not leave your accommodation and do not have any visitors.
- If you have to leave your accommodation due to an emergency, e.g. fire alarm, then wear a face covering and remain socially distanced from others until you can return to your accommodation.
- If you develop symptoms then go to [NHS online](#) and follow the instructions and notify [AskBU](#)
- Join our dedicated Facebook Group (isolation bunker) for students who are currently isolating for activities and updates: <https://www.facebook.com/groups/370231007353420>

If you are a Bournemouth University student we will now inform your Faculty team that you are isolating so that they can make any necessary arrangements for your programme of study.

### Keeping well during isolation

During isolation you may need to obtain food or medicines. If you are unwell it is particularly important that you drink lots of fluids and eat as healthily as you can. All the major supermarkets offer a home delivery service and you may find the following links of use. Please note that some supermarkets have a minimum spend and some charge for delivery. See <https://www.savesthestudent.org/save-money/food-drink/a-students-guide-to-online-food-shopping.html> for comparisons of minimum spend and delivery charges
