- 1. Household income of £25,000 or below** (as assessed by Student Finance England/Wales/Scotland/Northern Ireland),

What will the Turing Scheme funding cover?

Turing Scheme funding provides grants to support students with **specific costs** related to undertaking their traineeship. The amount of the grant is determined by the length of the mobility and the destination country where the work is being undertaken. The sections below outline standard funding and funding for students from disadvantaged backgrounds.

NB: Turing Scheme funding is intended to be a contribution towards your living costs. It is not intended to, and will not, cover the full costs incurred on an international mobility.

You will receive an initial payment of 90% of funds upfront. After your activity is complete, you will be asked to complete a feedback survey and submit a blog. The remaining 10% will be paid after these requirements have been met.

1. Funding for Students from non-disadvantaged backgrounds

This funding consists of a cost-of-living grant.

Cost of Living Grant

To calculate the cost-of-living grant, destination countries are divided into three groups based on the cost of living in each country (<https://www.turing-scheme.org.uk/funding-opportunities/cost-of-living-groups/>). There is no travel grant for students who are not from disadvantaged backgrounds.

1. For placements in **Group 2 or 3** countries/territories, the grants are calculated as follows:
 - a. £480 per month (pro-rata) for placements up to 8 weeks in duration
 - b. £335 per month (pro-rata) for placements from 9 weeks to 12 months

Example Grant calculations for students from non-disadvantaged backgrounds

Traineeship Location	Traineeship Duration	Calculation	Total Grant
Lebanon (Group 3 Country)	6-weeks	£480 x 1.5 months	£720.00
Austria (Group 2 Country)	4 months	£335 x 4 months	£1340.00

2. Funding for Students from disadvantaged backgrounds

This funding consists of a cost-of-living grant and travel grant. Additional funding is available as outlined below for other costs related to undertaking a mobility.

Cost of Living Grant

To calculate the cost-of-living grant, destination countries are divided into three groups based on the cost of living in each country (<https://www.turing-scheme.org.uk/funding-opportunities/cost-of-living-groups/>).

1. For placements in **Group 2 or 3** countries/territories, the grants are calculated as follows:
 - a. £480 per month (pro-rata) + £110 per month (pro-rata) for placements up to 8 weeks in duration
 - b. £335 per month (pro-rata) + £110 per month (pro-rata) for placements from 9 weeks to 12 months

Travel Grant

Travel grants are calculated based on the distance to the destination country. Distances are calculated from Bournemouth University to the city where the traineeship is taking place. To find the distance:

1. Go to Google Maps
2. Right-click on Bournemouth and choose 'Measure Distance'
3. Click on your destination city to create a path to measure
4. The total distance will be displayed in the bottom centre of the map

The rates are as follows:

- 10 to 99km: £20
- 100 to 499km: £165
- 500 to 1,999km: £250
- 2,000 to 2,999km: £325
- 3,000 to 3,999km: £480
- 4,000 to 7,999km: £745
- 8,000 to 12,000km: £905
- 12,000km+: £1360

Supplemental travel funding may be available to cover real travel cost for exceptionally expensive travel.

Other Funding

- Funding may be available to offset real costs related to obtaining or updating a passport, obtaining a Visa, or Covid-19 related costs. Receipts are required for these costs to be considered.
- Actual costs for support directly related to **additional learning needs**. Receipts are required for these costs to be covered.

Example Grant calculations for students from disadvantaged backgrounds

Traineeship Location	Traineeship Duration	Calculation	Total Grant
Lebanon (Group 3 Country)	6-weeks	(£480 x 1.5 months) + (£110 x 1.5 months) + (£480 travel grant)	£1365.00

Travel Information

Entry Requirements

You must have a valid passport with at least six months remaining from the date of your return departure to the UK. If you are a student from a disadvantaged background, you can get financial support to obtain and renew a passport. Please factor this into the timescales of your planned travel.

Visa Requirements

Applicants will be responsible to research whether they will need a visa to enter the specific country where they will undertake their mobility and how long it will take to obtain a visa. Costs associated with visa requirements are covered for students from disadvantaged backgrounds.

Immunisations (if applicable)

Please refer to the NHS guidelines regarding immunisations:

[Travel vaccinations - NHS \(www.nhs.uk\)](https://www.nhs.uk)

You will need to book immunisations through your local GP at your own cost. Costs associated with requirement immunisations are covered for students from disadvantaged backgrounds.

Insurance

BU will provide comprehensive Travel Insurance for the duration of the overseas trip. Please note that you might be required by the partner university to purchase a valid medical/health insurance for the duration of your stay.

Applicants are responsible for researching the types of insurance they are required to carry for their destination country. Some countries require specific medical insurance to meet visa conditions (ex: to obtain the relevant visa for a traineeship in the USA, you must hold insurance with \$100,00 or medical benefits, \$25,000 for repatriation of remains, \$50,000 for medical evacuation, and \$500 deductible for accident or illness).

If you are applying to go to a European destination, you could apply for a UK Global Health Insurance Card (GHIC) or use an existing UK European Health Insurance Card (EHIC) if it is still valid. Please refer to the NHS guidelines regarding the UK GHIC/EHIC:

<https://www.nhs.uk/using-the-nhs/healthcare-abroad/apply-for-a-free-uk-global-health-insurance-card-ghic/>

Covid-19 Requirements

Applicants will be responsible to check the Covid-19 entry requirements to the specific country where they will undertake their mobility.

Please refer to the FCDO advice about entry requirements and Covid-19 regulations:

<https://www.gov.uk/foreign-travel-advice>

Successful applicants will receive further information regarding Covid-19 considerations and travel guidance once they are officially accepted onto the programme.

Covid-19 Travel Implications

- There could be sudden changes that affect your travel plans, including changes to border control advice which may prevent travel and changes to quarantine and/or testing requirements in your host country or when re-entering the UK.
- **BU MUST approve travel before you depart.** Your travel plans should be in line with UK Foreign Correspondence and Development Office advice. Travel approval will be made on a case-by-case basis within two weeks of the start of the traineeship and, where travel is not possible, you may be able to start work remotely, depending on your host organisations requirements.
- Funding will only be paid where physical travel takes place and BU has approved travel in advance.
- The Global Engagement Mobility Team will support you with the funding process. You will also be given support by your Placement Coordinator and Placement Development Advisor for mobilities that are part of a BU placement year.
